ŁENGOA VENETA Edisiòn

*Dedicated to all those who struggle in the
battlefield of life*

INTRODUCTION

The book is a collection of sentences about war, strategy, tactics, struggle, peace. Sayings can be a great source of wisdom, they are a sort of seeds, very small but extremely rich in knowledge and consequences.

Life is a perennial struggle, evolution is a war, it is a competitive fight with the world to carry on and in better the knowledge preserved in genes. We may identify a struggle in any action of the living world.

On the left side of each dictum there is also the translation in Venetian Language; the book was conceived as bilingual.

Enjoy reading.
